Helpfulness

By the end of this segment, you will be better able to:

- **Understand the scope of the helpfulness standard**
- **Apply the helpfulness standard to U-visa certifications**

Hypotheticals:

Is this person eligible for a U-visa certification?

Hypothetical #1

Nusheen

Nusheen entered the United States five years ago with a tourist visa. Well after the visa had expired, she met Ali through a friend at her mosque. Months later they married and bought a home together. One night soon afterward, their home was robbed and Ali was murdered in the couple's living room while Nusheen was asleep in the bedroom. She never saw the perpetrator, though several neighbors did. The police contacted Nusheen, who told them everything she knew. The police also spoke with the neighbors, who described the perpetrator.

Hypothetical #2

Li

Li is an 18-year-old Chinese national. A friend introduced him to a “snakehead” who would take him from China to the United States for \$75,000. The snakehead arranged for Li to go from China to Hong Kong, where Li was given a fake passport that he used to enter the U.S. Li now works seven days a week in a Chinatown restaurant. Most of his wages are taken from him to pay the snakehead, room and board, and other “fees.” When Li asked to work fewer hours so he could go to school, his employer shoved him against a wall and told him to never ask again. Li made contact with a Chinatown-based police officer who is fluent in Mandarin. The officer encouraged Li to report the restaurant to the Department of Labor and work with his department’s trafficking unit to report the snakehead. Li has agreed to do both.

Hypothetical #3

Maricela and Diego

Maricela and Diego paid a coyote to take them to Kansas, where they now work at a poultry processing plant. One payday they were robbed by three gang members who think of immigrants like Maricela and Diego as “walking ATMs” because they don’t have bank accounts and carry a lot of cash. In addition to losing their wages, the couple were beaten and Maricela was sexually assaulted. After their friends encouraged them, the couple reported the incident to local police. Maricela and Diego were able to describe their assailants and a few days later, the police apprehended three people who matched the descriptions. Maricela and Diego refuse to press charges, however, because they fear retaliation.

Large Group Discussion:

What constitutes helpfulness?

Helpfulness -- Regulations

- **There is no degree of helpfulness required**
- **Law enforcement may complete U-visa certification once assess victim's helpfulness**
- **Investigation need not be complete to certify**
- **Statute: has been helpful, is being helpful or is likely to be helpful in the**
 - detection, or
 - investigation or
 - prosecution

Past, Present OR Future Helpfulness Examples

- **Calling 911 to report a crime**
- **Providing a statement to the police**
- **Filing a police report**
- **Seeking a protection order**
- **Witness in a prior prosecution OR investigation**

Helpfulness

- **Reporting a crime with no further investigation**
- **Past crime when victim did not know/feel safe to report**
- **Perpetrator absconds or is subject to immigration removal**
- **Prosecuted for a different crime**
- **Not needed as a witness**
- **Victim is dead (indirect victim qualifies)**
- **Perpetrator is dead**
- **Victim has a criminal history**
- **Victim is subject to immigration enforcement**
- **Victim fully discloses story after better understanding rights and meaningful language access**
