<sup>b</sup> The chart shows eligibility based on immigration status. Applicants must also meet all other program eligibility requirements, such as income/resource limits. Children and other family members included in an individual's immigration application receive the same access to public benefits as the applicant. When children qualify for federal or state public benefits, immigrant parents can file child-only benefits applications on their children's behalf. Congress exempted from the public charge ground of inadmissibility immigrant victims applying for immigration relief and lawful permanent residency through the following immigration benefits programs: VAWA self-petitioning (as defined in footnote "d"), VAWA cancellation of removal, VAWA suspension of deportation, U visas, and T visas. NIWAP would like to thank Michelle Aronowitz and Dean's Fellows Alexandra Brown and Sandeep Purewal for their work in developing these state public benefits charts.

<sup>10</sup> Battered Spouse Waiver victims are VAWA self-petitioners as defined in INA § 101(a)(51). To be eligible for a battered spouse waiver the victim must be a battered immigrant spouse of a U.S. citizen or lawful permanent resident who filed an immigration case on the battered spouse’s behalf through which the immigrant spouse was granted conditional permanent residency. Most battered spouse waiver applicants will have conditional permanent residency at the time they file their battered spouse waiver application. Their public benefits eligibility is based either on their conditional permanent residency or on their battered spouse waiver application. It is important to note that after an abused immigrant spouse files their battered spouse waiver application, they become eligible for VAWA self-petitioning related deeming exceptions and eligible for state funded public benefits to the same extent as all other VAWA self-petitioners in states that grant self-petitioners access to state funded public benefits.

<sup>82</sup> 22 U.S.C. § 7105(b)(1). Human trafficking victims with HHS certification or an HHS determination letter are eligible as refugees for 7 years. To continue to receive benefits once 7 years has passed since they received their HHS certification or HHS determination letter, they will need to file for and be granted a T visa. This allows them to continue to qualify for public benefits as qualified immigrants. So long as the trafficking victim files for a T visa soon after receiving HHS certification or determination, they should gain qualified immigrant status and the 5-year bar will be completed prior to reaching the 7-year limit on refugee benefits. States can also continue to provide benefits once the mandated seven-year federal coverage period for refugees and asylees ends. See
