Access to state-funded public benefits are in non-italicized typeface and state-funded public benefits are italicized.

The chart shows eligibility based on immigration status. Applicants must also meet all other program eligibility requirements, such as income/resource limits. Children and other family members included in an individual’s immigration application receive the same access to public benefits as the applicant. When children qualify for federal or state public benefits, immigrant parents can file child-only benefits applications on their children’s behalf. Congress exempted from the public charge ground of inadmissibility immigrant victims applying for immigration relief and lawful permanent residency through the following immigration benefits programs: VAWA self-petitioning (as defined in footnote “d”), VAWA cancellation of removal, VAWA suspension of deportation, U visas, and T visas. For technical assistance on benefits access for immigrant survivors please contact the National Immigrant Women’s Advocacy Project, American University, Washington College of Law (202) 274-4457 or info@niwap.org. NIWAP would like to thank Michelle Aronowitz and Dean’s Fellows Alexandra Brown and Sandeep Purewal for their work in developing these state public benefits charts.
