

**West Virginia Public Benefits Screening Chart for
Immigrant Survivors by Forms of Immigration Relief¹
By: Emily Gorney & Leslye E. Orloff
September 6, 2022, (Updated March 27, 2024)**

The purpose of this simplified chart is to provide a tool that victim advocates, attorneys, judges and court staff can use to identify which immigrant survivors and immigrant children qualify for which state or federally funded public benefits, programs and services. This tool was designed to be a first step to identify which immigrant survivors may qualify for which benefits and services. When an immigrant survivor is listed as qualifying or qualifying with conditions on this chart, the second step is to turn to the full public benefits chart NIWAP developed for your jurisdiction where you can look up the details/conditions of what is needed to prove eligibility and what are the sources of law that prove eligibility.

This chart is not an exhaustive list of public benefits available to immigrants in West Virginia and but a simplified snapshot of access to certain benefits including cash assistance, healthcare, and housing. This chart is meant to be used in conjunction with NIWAP's [Access to State-Funded Public Benefits in West Virginia for Survivors, Based on Immigration Status](https://niwaplibrary.wcl.american.edu/pubs/west-virginia-benefits), available at: <https://niwaplibrary.wcl.american.edu/pubs/west-virginia-benefits> that provides detailed information with citations to all of the relevant sources of law, regulations, and policies. This more detailed publication includes citations to materials that you can take with you when you accompany an immigrant victim applying for state or federal public benefits or other forms of assistance. In addition to the benefits and services discussed on this chart below, there is also a wide range of assistance that is available as a matter of law to all immigrants regardless of status.¹ For an interactive map that breaks down available public benefits based on the state and immigration status go here: <http://map.niwap.org/>.

Note: The 1996 welfare reform laws authorized states to implement state laws that offer immigrants more state funded benefits than federal public benefits provided and also authorized states to impose more restrictions on the federal public benefits immigrants living in the state could access. This state has elected to:

- Offer STATE FUNDED BENEFITS to certain groups of immigrants in the following benefits programs: TANF and TANF funded child care for VAWA self-petitioners, SNAP, Child Health Insurance Program (CHIP), Medicaid (VAWA self-petitioners), Prenatal care, and Professional and occupational licenses.
- Impose MORE RESTRICTIONS on immigrant access to federal public benefits: TANF and TANF funded childcare (for refugees, asylees, and T visa holders), and Medicaid (refugees, asylees, T visa holders).

² Battered Spouse Waiver (BSW) applicants/recipients have the same eligibility for public benefits purposes as VAWA self-petitioners. BWS victims are eligible either as conditional permanent residents if they still have that status and/or are or continue to be eligible once they file their battered spouse waiver application. Battered spouse waiver applicants have greater benefits access than conditional and lawful permanent residents because they have access to exemptions from deeming and have access to benefits that are only available to battered immigrants.
